

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority, and thrust in not more than 500 words

Response:

The institution has decided to involve stakeholders in the institutional policy and decision-making process. This will help the organization in the identification of institutional bottlenecks and removal of those. The IQAC Core Committee, with the proper resolution, involved the retired faculty members and Principals of the college as well as the guardians as members in the IQAC Core Committee, which will focus on the core issue and, with their guidance, can come to the best solution to solve those issues. Based on the views and feedback collected, the committee has attempted to sort out those bottlenecks in a phased manner. The main focus and aim of forming the committee is to solve the grievances delivering the best possible solutions
